

Submission Form : On-site Grading NGC INDIA

CUSTOMER RESPONSIBILITIES AND CHECKLIST

WHEN SUBMITTING COINS:

- Provide your contact information (name, phone number, postal address and email address).
- Submit US, India or world coins on separate submission forms.
- To ensure efficient handling, the maximum number of coins per submission form is 20 for non-bulk grading tiers and 50 for bulk grading tiers. For the Mixed Modern Bulk tier, please do not list more than three countries (Except India & US) per submission form. Use additional submission forms as necessary.
- **Do not mix raw and holdered coins on one submission form.**
- Oversized coins (larger than 45 mm in diameter or 9 mm in thickness), Double Thick coins (4.5 to 9 mm in thickness but 45 mm or less in diameter), GSA hard case, GSA soft pack and holdered coins must be on separate submission forms. **Do not mix these on a submission form with other coins.**
- Verify that your coins meet the value and type requirements for the selected tier. Any discrepancies may result in the delay of your submission. If coins are submitted for tiers or services for which they do not qualify, Marudhar Arts will correct the order and charge any grading or services fees that may apply.
- Use CrossOver service for PCGS-holdered coins only. Coins graded by other grading services must be removed from their holders and submitted raw.
- Minimum grade is not required. In most cases, it applies to CrossOver submissions only. Specifying a minimum grade may prevent your coins from being encapsulated.
- Place raw coins up to 40.6 mm diameter in 63.5 x 63.5 mm non-PVC plastic flips. Use larger flips for larger coins. Coins should insert easily into a flip. Placing a coin in a flip that is too small may result in damage to the coin. Remove all plastic sleeves or any other packaging before placing a coin in a flip.
- Place only one coin in a flip and fold the other half of the flip over. **Do not cut, tape, staple or glue flips as they can damage the coins.**
- You may send coins in capsules or mint packaging. If selected, mint packaging will be returned for ₹ 500 plus shipping. See last page for exclusions.
- Package your coins in the order that they are listed on the submission form. Write the submission number and the line number for each coin on a small label and attach it to the flip. Collect your coins in the same order and secure them carefully with a rubber band
- **Sign and return all required forms with your submission.**
- **You must schedule an appointment to drop off or pick up submissions.**
- **Fragile Coins Note**
Certain collectibles may be more susceptible to damage due to the state in which they are provided by the submitter to Marudhar Arts or NGC India (for example, collectibles that are enameled, colorized, painted, jeweled, or have holograms or other specialty applications; collectibles that are extremely thin; collectibles that are extremely fragile or brittle (including many collectibles struck prior to 1700); and collectibles that exhibit "bronze disease"). Marudhar Arts and NGC India will use reasonable care with respect to collectibles submitted to it for services. However, we will not be responsible for damage or loss to a collectible during its possession within Marudhar Arts or NGC India

Turnaround times are approximate and are not guaranteed.
